

KIDS 6-12 YEARS

KIDS 6-12 YEARS

animal crackers

26 x 1'

A creative blend of motion graphics and wildlife footage for 8-12 year olds, these fun interstitials lend themselves to cross platform delivery and highlight some amazing facts about wildlife, giving young viewers an insight into what's on each animal's menu, where they like to hang out, how they get around, and other quirky facts. Featuring penguins with bizarre hairdos, lemurs with a dance guaranteed to make you laugh, tigers that have lost their colour, rats that can escape the jaws of a taipan, koalas swimming, rhino beetles wrestling and monkeys with massive noses!

animated classics

6 x 30'

These six outstanding programs are unique interpretations of some of the most widely read world literary works ever written: Beowulf, Don Quixote, Moby Dick, and two volumes of The Canterbury Tales. Featuring stunning animation, top-notch vocal talent and captivating music, these literary masterpieces come to life on screen.

animated tales of the world

26 x 15' / 13 x 9'

The largest co-production in the history of broadcasting involves 39 countries; Animated Tales of the World was initiated after the 2nd World Summit on Television for Children in 1997. It came from a simple idea, no nation is poor in stories, and sharing them enriches us all. So let the village storytellers become global storytellers for all the children in the world.

animated world faiths

10 x 5'

A series aimed at encouraging children to explore religions other than their own through a variety of animation techniques. Each film focuses on a particular religion, the origins of which are explained through a simple and appealing story. The series includes films on Buddhism, Hinduism, Islam, Sikhism, Confucianism, Christianity and Judaism.

dex hamilton: alien entomologist

26 x 30'

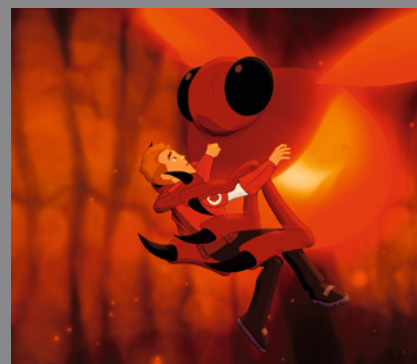

In the year 3000, Planet Earth is overrun by alien insects. Enter Dex Hamilton, Alien Entomologist and leader of a talented team of offbeat characters dedicated to keeping both the insects and the Earth safe. With an unassailable sense of optimism and curiosity, and some of the coolest hi-tech gadgets ever invented, Dex and his team keep the balance between man and nature. There's plenty of suspense, action and fun as we watch Dex Hamilton and team face impossible odds in quelling some of the grossest and slimiest creatures in our universe.

aqua team

14 x 30' HD

Too young to drive, but old enough to dive...Eight brave teenagers explore the oceans as they embark on the scariest underwater adventure of their life. From finding shipwrecks to diving with sharks, from observing nocturnal creatures to experiencing the biggest dive vessel in the world, we join these ocean explorers on their electrifying missions.

dex hamilton: fire and ice - the movie

1 x 70'

When young entomology prodigy, Dex Hamilton, discovers a new species of super-heated alien insect, he has no idea how much trouble it's about to cause! Before he knows it, his mentor, the Professor, has disappeared and Dex is off to the frozen wastes of Antarctica trying to find him. But what he finds is a terrifying catastrophe in the making!

funny bones

12 x 5'

Based on the hugely successful books by Janet and Allan Ahlberg, the Funny Bones characters, Little Skeleton, Big Skeleton and Dog are now brought to life in this appealing animated series.

operavox

6 x 30'

State of the art animation techniques, spellbinding music and unforgettable stories distilled into films full of invention, emotion and fun. Breaking free of the confines of the stage, their spectacular visual style brings a new accessibility of six long-established opera masterpieces: Carmen, The Barber of Seville, Rigoletto, The Magic Flute, Turandot and Rhinegold.

ridestar

10 x 30'

This all new format takes boys and girls through the real hands-on experience of learning to ride at a made-for-TV pony camp. From RideStar HQ, boys and girls are put through their paces in this X-Factor style competition. We follow their progress from initial interview in their home environments, through to their intensive training. There can only be one RideStar, but in this series, everyone's a winner!

roman mysteries

20 x 30' / 10 x 60' HD

This ultimate children's drama follows four friends, Flavia, Nubia, Jonathan and Lupus, as they struggle to live through one of history's most turbulent times. Intelligence, resourcefulness and the strength of friendship are their only weapons with which to battle the worst that Rome has to offer. With many comparisons to the lives of youngsters today, they deal with issues of prejudice, violence and the environment, wrapped up in riveting stories of mystery and suspense. This lavish production was shot entirely on location and features a stellar cast led by Simon Callow. Roman Mysteries is the biggest children's television drama made in the UK to date.

shakespeare: the animated tales

12 x 30'

Internationally acclaimed for bringing Shakespeare to a vast new audience, this pioneering series presents twelve animated masterpieces. Enjoyed in over fifty countries, with two primetime Emmy awards and a New York Festivals Gold Award to its credit, this series comprises a selection of his best-known plays.

testament: the bible in animation

9 x 30'

The magic and mystery of Bible stories have fascinated the world for generations. Nine Old Testament tales are re-told using a rich variety of animation techniques. The series comprises the stories of David & Saul, Ruth, Jonah, Moses, Joseph, Elijah, Abraham, Daniel and Creation & Flood.

those scurvy rascals

26 x 3.5'

Join the quest for pants in this CGI animated series following the humorous adventures of three misfit pirates sailing the high seas aboard their vessel, The Soiled Pair. They don't want gold or treasure; they only want your pants! Winner of two British Animation Awards, Those Scurvy Rascals will capture the hearts and provide belly laughs for boys and girls aged 6-12 across the seven seas.
